

# tideyfarms.com

Tidey Farms is a family farm since 1991 focused on providing fresh produce to the Chicagoland area, as well as local customers.

Tidey Farms grows and sells fresh, home grown quality fruits and vegetables locally and in the Chicagoland area. We provide delicious non-GMO produce through farmers markets in the Chicagoland area, or CSA boxes locally. In addition to this produce, we also grow and harvest an ample amount of corn and soybeans, placing 3rd in the Michigan BPA competition.

## **Local Tourist**

Interested in finding a healthy alternative to store bought produce

## **Commercial Client**

Looking for a contract with a high BPA

## **Comps**
